Subject: Support William Street Pedestrian Zone

Dear Councillor McRae and Councillor Fleury,

I am writing on behalf of Lowertown Community Association to once again affirm our support for the William Street Pedestrian Zone in the Byward Market. We have been on record in support of this project since brought to our attention by the Environmental Advisory Committee in 2007. Again we commend the Councillors and City staff on moving this project forward towards a healthier city core and more vibrant Byward Market, and we look forward to further progress this fall. Please let us know if we can do anything to assist in implementation of the next phase of this exciting project.

Sincerely,

Liz Bernstein, Vice-President  
Lowertown Community Association
